PRESENTING

The Bowenite of 1957

As our little Jimmy Bowen guides you through these pages, you will recall the many events that took place to make this year a memorable one. It is said that high school days are the most happy and carefree of our lives. We hope this holds true for you. As you retrace these paths in future years, you will relive the golden hours you have spent together at Bowen.

James Harvey Bowen High School

Chicago, Illinois

Dearest (Har har) Sandy,

It took a while to really become friends, but we did it. We've had lots of fun together, especially bowling. Don't give up, we'll beat Judy's average next semester. I don't think I've ever met anyone as happy-go-lucky as you. Stay as you are; you'll never go wrong. Next time remember how long to stay in the sun. We just don't want fried Dominicans. Lots of luck, success to you; God bless you always,

Joanne Lavelle

OUR PRINCIPAL

DR. HILDEGARDE M. ROMBERG

Dear Sandy, I wish
I could be with you
the best of luck in
your remaining years at
Bowen. Stay as good a
sport as you are now.
God Bless You always.
Love
Carol Cons.
(Your cons.)

From the calendar of school events and activities too numerous to list, two have been selected as worthy of note. Though different in nature, both are significant in the life of the school. They are the change in school boundaries and the approval of a school philosophy or creed.

Once again our school district has contracted in size. Heretofore, the eastern boundary was Lake Michigan and the state line; now it is Lake Michigan and the Calumet River. The new Washington School occasioned the change. Regretfully Bowen accepts the loss of the East Side and Hegewisch communities. Students from these sections have always been a valuable asset in school activities. Beginning freshman students enrolled in the new school last February. In September, freshman and sophomore students currently attending Bowen and residing in these areas will be transferred. Our best wishes accompany their transfer to the modern, beautiful community school.

Elsewhere in this Annual is printed the Bowen High School Creed. During the year a faculty committee considered and approved the school philosophy or creed. Simply defined, a philosophy is a statement of belief. In this instance, it is what the faculty believes the educational program of the school should do for the students who participate in it. The philosophy serves as a measuring stick for evaluating the effectiveness of the educational program and as a reference frame for its revision. Never static, the school philosophy or creed responds to changes in the general aims of education resulting from progress in social, political, and economic living.

To The Graduates

With graduation, your dream of four years will have come to fruition. You, like hundreds before you, will join the company of those who have graduated from Bowen, a high school rich in tradition and one that has made an honored place for itself in the South Chicago Community.

This book is the pictured record of your final year at Bowen. Today the faces of your friends and teachers are etched clearly in your mind's eye, but as the days grow into years, those mental images will become dimmer and dimmer as new people and experiences crowd into your lives. It is then that this book will become your treasure trove. Guard it well.

May the ambitions and dreams that you have nurtured while here become a reality! May success and happiness be the larger share of your lives! But if failures should come, as they sometimes will, do not let them dim your spirits. Instead, let them be learning experiences. Then move on to better things with renewed effort and confidence. Remember that success does not come easily. It must be earned.

If your high school days have stimulated, even to a small degree, your love of learning, your days at Bowen will have been well spent. May "learning" continue to be a part of your lives, and then may you, like Tennyson's Ulysses,

"Follow knowledge like a sinking star,
Beyond the utmost bound of human thought."

The Bowen High School Chapter of the National Honor Society received its charter in 1921 and each semester thereafter has accepted into its membership those students who have met the high requirements of Scholarship, Character, Leadership and Service.

Acceptance into the society represents the highest honor that can be bestowed upon a student in our school.

In the past year 68 members were inducted into the National Honor Society.

Parents and friends are invited to the induction ceremony which is preceded by a luncheon for the officers and guests and followed by a tea given by the Senior Girls' Council for the members and their parents.

Another highlight of the induction program is the address given to the members by a distinguished guest speaker.

Two such speakers this year were:
Dean William E. Scott
Director of Admissions,
University of Chicago

Philip B. Lottich
Director of Admissions
Ill Institute of Technology

STUDENT COUNCIL

OFFICERS

Marthe Johnson, Irene Guadagno, Sandra Shepley, Elaine Stone

Our aim is to make the Student Council the governing body of the entire student enrollment.

So far, we have written an entirely new Constitution, approved and passed it. We have had a school-wide election of officers in which campaigning was allowed and officers elected from the four persons running for each office. Also, many assemblies have been held and conducted. The 1B Freshie Assembly is becoming a standard feature on Orientation Day.

Bookcovers, in Bowen's colors, are sold each semester, and a movie is shown to the active members of the Student Council.

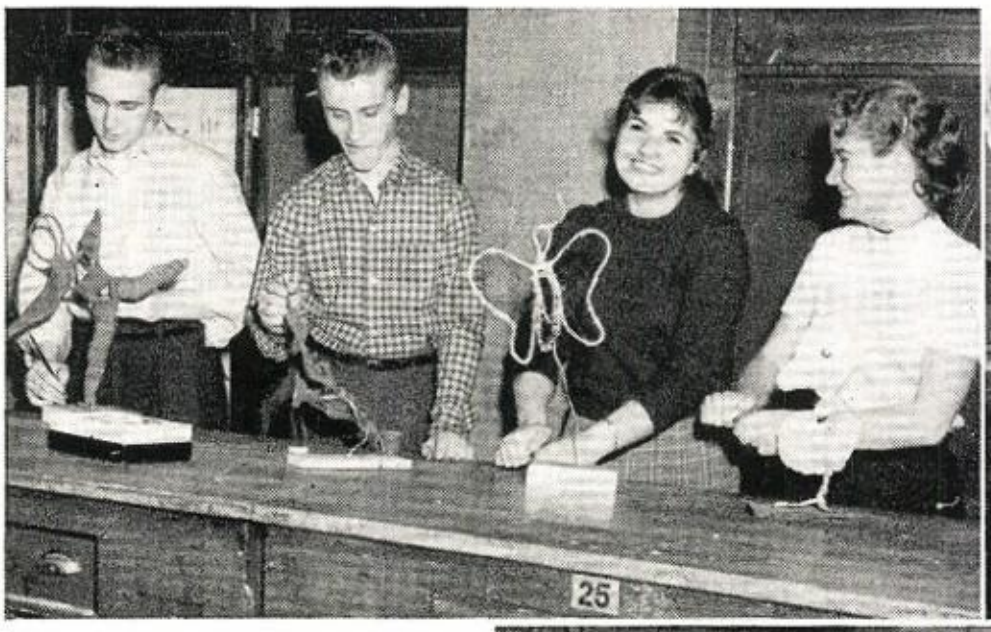
Advanced Art



Wire Magic

Organized Confusion

What pretty posters!

The many creative talents of the members of the Advanced Art Workshop were utilized to their utmost during the year. With inspiration unlimited, the deft fingers of our future Rembrandts and Rodins fashioned decorations for Bowen's dances and plays, prepared favors for numerous luncheons, posters for elections, health programs, and many other special events. We offer a tremendous vote of thanks to "les grandes artistes" of Bowen.

Sorry, I was too busy to come on the room tour, so this is all that I could find with which to work. Thanks for knowing you. Best of luck in Dyer with your Brush always. Fairhurst. Mary

The French Club

Le Cercle Francais de Bowen has as members the students of the class in advanced French. Meetings are planned by the Vice-President. All parliamentary procedure as well as the entertainment is conducted in French. Regular meetings feature group participation in games and singing. Films or slides of France are projected; recordings are played; reports are given. At the end of the semester the Cercle usually gives a comedy to which are invited other language students.

One of the high points of the year is the Christmas party which the sponsor gives. At the time the program chairman and committee outdo themselves in the originality of their entertainment.

Probably one reason for the student participation is the rule that when asked to perform a member must repeat the motto: Je serais enchante! (I'd be delighted)!

The Stage Crew

The stage crew, sponsored by Mr. Brandenburg, gives great service to Bowen.

Good Luck during your vacation and don't get burned again - wear a tent to the beach.

Dear Sandy,
Loads and loads
of Luck at and away from Bowen,
Love, Lesley Sue.

Dear Sandy,
It has been great fun having you in most of my class. (We had lots of fun in Typing and shorthand both! But you really don't know how to type you just bang and that all.) When you had such a bad sunburn you look like a little red monky (but a cute one.) Best of Luck in the near future and stay as sweet as you are now.

Love
Marian Norman

Dear Sandy,

Now get this and get it good. You a sharp kid with a dynamic personality but it ends there because your from So. Deering. I'll get you fixed up with of the Bruisers and then you'll be going out in style. But I used to like So. Deering once, remember.. Those were the days. If you ever see him. Say hello for me. But the East Side is the place where you find all the sharp guys like Butch. I hope you'll be as lucky as I was. Don't forget the conversations we had about our neighborhoods

A friend always Marie
